The following listing is published to supplement the regular lineal section and to clarify for the benefit of Officers designated for Limited Duty their promotional status. Many of these officers are shown in the foregoing lineal list in a position that differs from their permanent status. This section shows the permanent precedence of these officers under the Officer Personnel Act of 1947. Promotion zones are based on this order of precedence.

- 2 - Date of Rank will not be assigned until such time as the unrestricted officers senior to this officer, who have been selected for promotion, have been promoted
- 3 - Subject to readjustment of lineal precedence
- 4 - Retired Officer on Active Duty
- * - Selected for promotion to the next higher grade

NOTE

The Active Naval Service Control Date is the constructive date of all active Naval Service performed by the individual, and is the control date governing involuntary retirement of officers designated for limited duty
